YOUR LOCAL MOBILITY ADAPTATIONS SPECIALIST

WE ONLY WORK WITH THE VERY BEST

OVER 80 ADAPTATIONS VIDEOS TO WATCH AT
www.youtube.com/GMCoachworkUK

OUR GOAL IS TO MAKE YOUR LIFE EASIER

Established for over 30 years GM Coachwork is one of the leading vehicle modification companies in the UK and we're here right on your doorstep covering the whole of the South West.

Whether you are experiencing mobility issues through age or disability there is a vast range of vehicle adaptations to help keep you mobile.

The following pages will introduce you to a taste of how we can help you overcome mobility issues. However in order to find the best solution for you we encourage you to contact us for an assessment. Call us today.

WE'RE PROUD TO BE WORKING WITH MAIN
DEALERS OF THESE MANUFACTURERS:

HAND CONTROLS

Hand controls are the most commonly used adaptation. They encompass any hand operated control which operates the braking and accelerating functions of your car.

- OVER AND UNDER RING ACCELERATORS
- LEFT FOOT ACCELERATOR
- TRIGGER ACCELERATOR
- TWIST GRIP ACCELERATOR
- WIRELESS ACCELERATOR
- PUSH PULL ACCELERATOR
- EASY RELEASE HANDBRAKE
- ...and much more

OVER RING ACCELERATOR LEATHER TRIMMED WITH RED PIPING TO MATCH THE VEHICLE

▶ **ACCELERATORS**

There's a wide range of accelerators to choose from including over-rings, under-rings, hand controlled and left foot accelerators.

PUSH-PULL ACCELERATOR
FITTED TO A LAMBORGHINI

▶ **HAND CONTROLS**

One of the most popular adaptations the push-pull hand control takes care of both accelerator and brake in one device.

OVER-RING ACCELERATOR
AND PUSH/PULL BRAKE

▶ **BRAKING SYSTEMS**

Braking controls include floor mounted braking systems and lever controlled hydraulic brakes.

EASY-RELEASE HANDBRAKE

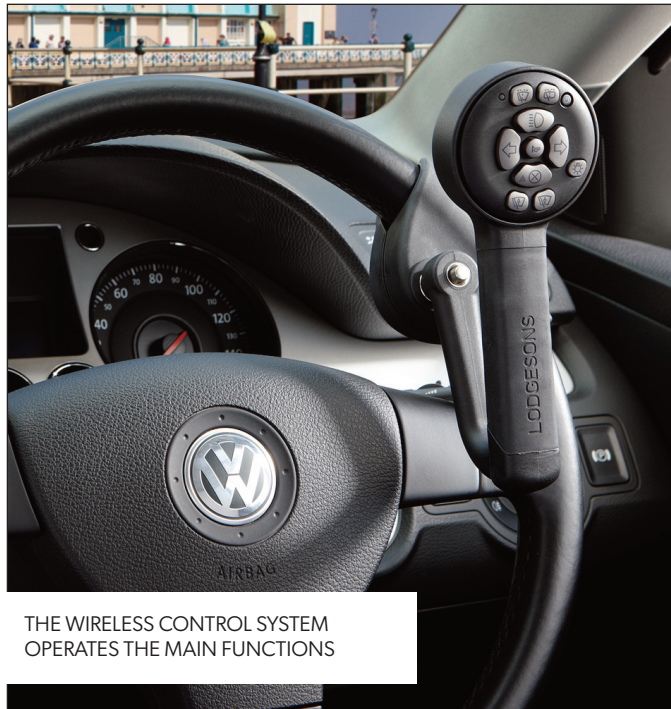

STEERING CONTROLS

From a simple steering ball to the drive-by-wire technology of the Paravan Mini Wheel, also known as space drive, there are many systems available to overcome most requirements.

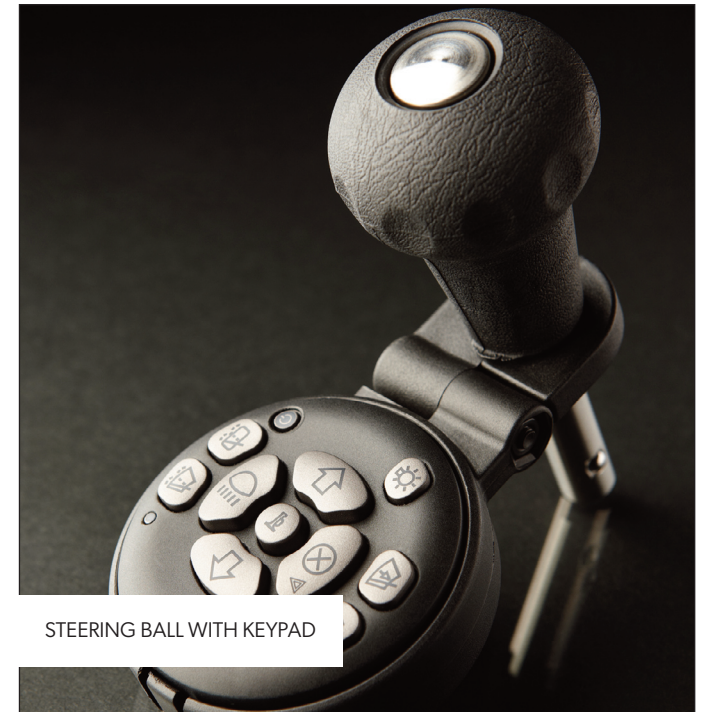

- LODGESONS WIRELESS CONTROL SYSTEM
- LODGESONS BLEEPER SYSTEM
- SMARTSTEER
- PARAVAN MINI WHEEL/JOYSTICK
- EXTENDED STEERING WHEEL
- STEERING BALLS
- STEERING PEGS

- WINDOW TINTING
- CARPET TRIMMING
- VEHICLE RACKING

CONVERSION INCLUDES A LEVELLED FLOOR AND BULKHEAD

OEM SEATS FITTED TO CONVERT VEHICLE INTO A CREW VAN

ASSISTIVE SEATING

We offer a wide range of a seat and seat conversions to be fitted as an optional extra on your new vehicle.

We supply and install a wide range of seating solutions to help passengers with restricted mobility get seated in the vehicle. This maybe as a driver to transfer from their wheelchair or as a passenger to get in and out of the car.

- MANUAL SWIVEL SEAT PLATE
- SEAT CONVERSIONS
- RECARO SPECIALIST SEATS
- SEAT MODIFICATIONS
- SEAT RAISING AND REPOSITIONING

ASSISTIVE SEATING

Seating solutions include motorised seats that turn out of the vehicle, swivel base seats and six way powered driver seats to facilitate a driver transferring from their wheelchair.

- TURNOUT SEATING SYSTEMS
- DEPLOYMENT SEATS
- TRANSFER PLATES
- M1/M2 SEATING MANUAL

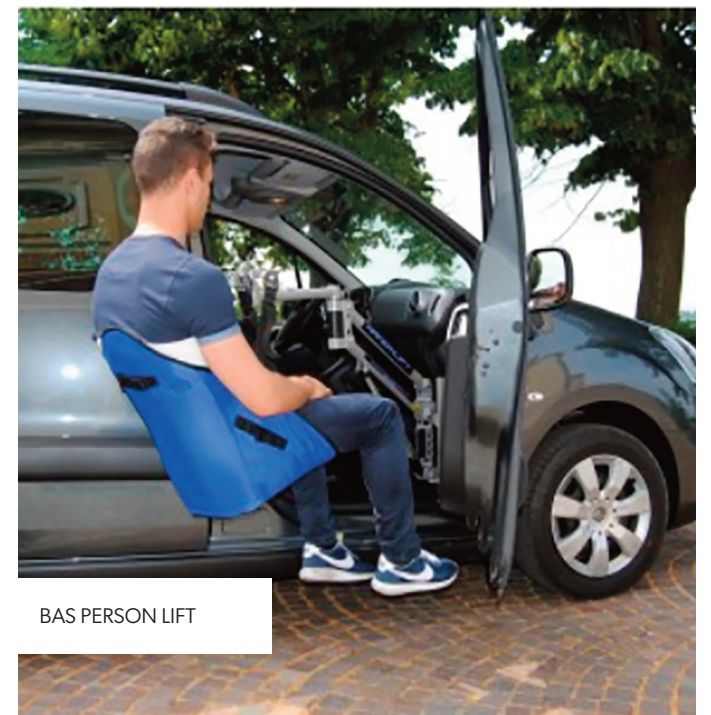

HOISTS

There is a wide range of hoists from which to choose, from a mini hoist for a scooter or wheelchair to a person lift to aid access into the vehicle.

There are hoists capable of lifting wheelchairs and scooters from 80kg up to 200kg. Speak to us first so we can recommend the most suitable hoist for your car.

- MINI HOIST SOLUTIONS
- PASSENGER TRANSFER HOISTS
- CAROLIFT HOIST SOLUTIONS
- TELESCOPIC 120 HOIST FOR ESTATE CARS
